Ryerson, Daniel
Homestead, FlaORCHIDS FOR CHRISTMAS

One nice thing about an Orchid Hobbyist - or any home gardener, for that matter - is that choosing a Christmas gift for him is no problem. He is always glad to have one or more new plants for his collection. So, on these Christmas Specials, I am offering a wide range of choices, from "Barefoot Babies" to Near Maturity" seedlings in 4-inch pots. From "Established Cattleya Back Divisions" to "Blooming Size Phalaenopsis Hybrids in Spike." What would YOU like? Why not check your choices and leave the list where some member of your family can see it?

ESTABLISHED HYBRID BACK DIVISIONS IN 4½-INCH POTS

If you think you are not too expert at starting unrooted back bulb cuttings, here are some thoroughly established back divisions - all growing vigorously and all of which should bloom on their new lead. All have from three to five bulbs with leaves and a good root system. None should require repotting before blooming. The prices vary according to the popularity of the hybrids, although some of the less expensive are excellent bloom producers.

<u>NAME</u>	<u>COLOR</u>	<u>PRICE EACH</u>

"One-of-a-kind" - Miscellaneous group, impractical to list because only one or two back divisions of each hybrid. Will be correctly tagged; no two alike. While they last, three for \$10.00; six or more, \$2.50 each.

No QUANTITY PRICE on BLC MARION RYERSON. But, you may have ONE OF EACH of the \$7.50 divisions for \$40.00. Or ONE OF EACH of the \$5.00 divisions for \$25.00.

BONUS: If your Back Divisions order amounts to \$50.00 or more, I'll send you one BLC MARION RYERSON division free - as my Christmas Gift to You!

NOTE: Customer pays shipping charges on all Back Divisions orders.
